Relamping & Maintenance  
Electrical Works

## SERVICES

### Relamping & Maintenance

To ensure optimal lighting we offer replacement and maintenance of lighting components and fixtures (i.e. lamps, ballasts, diffusers and lenses) in retail, commercial and industrial buildings such as stores, showrooms, restaurants, supermarkets, offices, hotels, schools, warehouses and factories.

#### Did you know?

Compact fluorescent lamps use 75% less electricity and last up to 10 times longer than regular incandescent.

### Electrical Works

Our licensed and insured electricians carry out various projects for our clients. Since each project is unique, we meet with each client for an initial assessment of their needs and offer professional advice and recommendations. We then prepare a project time and value estimate. Upon the client's approval we start the work.

#### Did you know?

If you replace 25% of lights in high-use areas with fluorescents, you will save up to 50% in energy costs.

### Energy-Saving Equipment

CSS North America supplies sophisticated energy-saving technologies for commercial and residential use. Our products specifically target such energy-intensive areas as AC, heating, ventilation, refrigeration and lighting. We analyze project savings and payback, provide technical support, and offer installations, maintenance and repairs.

#### Did you know?

Installing energy-saving equipment can save up to 25% in energy costs with a payback of less than 1 year.

## LIGHTING PRODUCTS

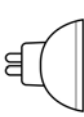

**from \$20.95**  
ED28/37  
150/250/400W  
Case: 6  
**HIGH PRESSURE SODIUM**

**from \$29.50**  
CMD  
150/400W  
Case: 6  
**Ceramic metal halide**

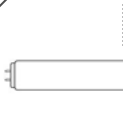

**from \$6.95**  
PAR30/38  
20/75/90W  
Case: 6, 12, 15  
**halogen**

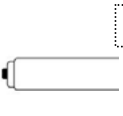

**from \$3.50**  
MR16 EXN/EXZ  
50W  
Case: 10  
**Decorative**

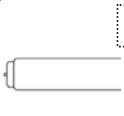

**from \$4.75**  
15W ~ 60W  
23W ~ 100W  
Case: 4  
**Compact fluorescent**

**from \$1.95**  
F30/40T12  
F25/32/40T8  
Case: 25, 30  
**BI-PIN FLUORESCENT**

**from \$3.95**  
T12H0  
F48/60/72/96  
Case: 10, 15, 30  
**HIGH OUTPUT fluorescent**

**from \$3.95**  
T12SL  
F48/60/72/96  
Case: 10, 15, 30  
**SINGLE-PIN FLUORESCENT**

## ENERGY-SAVING PRODUCTS

#### IntelliCon CFA

**IntelliCon CFA** reduces fuel consumption, wear on parts, flue emissions and electricity usage when installed on any new or existing **forced-air gas or oil furnace**. It saves energy by adjusting the burner run pattern to match the system's "heat load".

15-YEAR PERFORMANCE WARRANTY  
10% ENERGY SAVINGS GUARANTEE

**from \$675**

#### IntelliCon CHW

**IntelliCon CHW** reduces fuel consumption, wear on parts, flue emissions and electricity usage when installed on any new or existing **gas or oil boiler**. It saves energy by adjusting the burner run pattern to match the system's "heat load".

15-YEAR PERFORMANCE WARRANTY  
10% ENERGY SAVINGS GUARANTEE

**from \$1,500**
